

Where **novice** meets **expert** and **theory** meets **practice**

- Teams = 2  **VICTORIA UNIVERSITY**
MELBOURNE AUSTRALIA + 2 
- Investigate the importance of professional issues including
 - ethical dilemmas, security challenges, threats to privacy
 - relevance of ACS Code of Professional conduct through an interview an IT manager.
- Students present at a joint-University event

Up, up and away.....

- Maintaining  +  relationship
- Establishing a 'list' of IT professionals for students to interview
- Exploring the project with other institutes outside Victoria, perhaps via virtual media
- Publishing the details of project and the lessons learnt

Shaping the future ICT: Where novice meets expert and theory meets practice

ECB2112: Security, Privacy & Ethics

ITECH3203: Professional Development
